Preservation)

Suprabha

Suprabha is a professionally managed manufacturing company situated in Pune, India. Suprabha's tryst with anti-corrosion goes back to the 70s, when it arrived with the ground-breaking concept of India's first eco-friendly Vapour Corrosion Inhibitors (VCI). The VCIs heralded the beginning of a new era in the world of anti-corrosion solutions. Today, Suprabha, better known as a Corrosion Solutions Provider is over INR 750 million group with an ISO:TS:16949 certification and numerous

innovations and awards to its credit. Suprabha has over the years maintained its strong quality and eco-friendly focus, while staying at the forefront of technology. Research has always been central to its mission and customer satisfaction its primary goal. With a deep insight into the corrosion realm and a competent team, Suprabha has successfully captured a major share of the Indian market and is all set to take the international market by storm.

World Acclaimed Award Winning Packaging Solutions

It's Raining Awards! It was a dream run for Suprabha the last six years as Suprabha's stellar innovations in the field of Seaworthy Packaging Solutions earned recognitions in the form of several National and International Awards.

The award winning Seaworthy Packaging Systems developed by Suprabha are :

- Seaworthy Packaging System and Biodegradable Desiccants
- Transparent Seaworthy Packaging System
- Seaworthy Packaging System for Open Deck Transportation

- Suprabha Seaworthy Packaging System for Steel Coil
- Suprabha Seaworthy Packaging System for Packaging Cotton Bales

P2P (Point to Point Solution): Packaging and bagging on turn key basis for exports

S.A.P. (Supply, Apply and Preservation): Long term preservation system for machines / components by supplying and applying the recommended rust preventive products.

VCI Products

Products manufactured by Suprabha are broadly classified into different categories :

- Rustopaper: Kraft, Poly Coated, HDPE Fabric Laminated Products
- Rustopowder, Rustopowder - Tablets, Desiccants / Dehumidifier
- Rust Preventive Oils & Rustojel
- Rustofilm in Tubes, Sheets and Covers
- Bio-degradable Synthetic Paper in Rolls, Sheets & Covers
- Rustopliq - Water Based Rust Preventive Liquids
- Rust Converter & Metal Cleaners
- VCI Stretch Film
- VCI Bubble Sheets
- VCI Shrink Film

Corrosion Solutions Provider

We undertake a complete turnkey service as a Corrosion Solutions Provider right from processing the raw material to the stage of final dispatch.

Our service comprises in three stages :

‰ Corrosion Audit

- Diagnosing and understanding present corrosion related problems
- Suggesting complete rust prevention solution and rationalisation of rust preventive products / system
- Helping to implement the same
- Reviewing the implementation periodically

‰ Corrosion Treatment

‰ Storage and Despatch

Non-VCI Packaging Solutions

Suprabha is also specialised in producing and exporting various polymer / plastic packaging materials of PP / HDPE such as Cement Bags, Jumbo Bags, Fibre Bags, Sling Bags, Ore Bags, PP Container Bags, etc. used in many industries. With excellent Quality Assurance System and advanced testing equipment, we manufacture the products strictly according to National and European Standards. Our annual production capacity is already more than 15000 Tons.

- HDPE Fabric upto 3000 mm, without joint from 110 gsm onwards
- LDPE Film in Tubes, Sheets, Rolls.
- Stretch film
- Shrink Film
- Fire Retardant Poly Products
- Anti Static Film
- Bubble Sheet

Research and Technology

Research and Development is an integral part of the Suprabha Group, with a panel of distinguished scientists and technologists, along with a fully equipped & dedicated Research & Development laboratory. Process of getting the NABL accreditation is on.

One of our greatest achievements in industrial design is that our plants and equipments have been fully developed in-house. The plants have unequalled operational efficiency.
